PROFESSIONAL EXPERIENCE

PwC

Senior Associate - Deal Strategy & Value Creation, New York, USA

June 2025 - Present

- Uncovered risks across 3 buy-side deals (\$500m-\$1.5b revenue targets), leading clients to reprice or exit transactions
- Supported 2 closed sell-side transactions through ARR and price/volume/mix analyses that withstood buyer due diligence
- Co-led 4 portfolio company engagements preparing PE-backed businesses for sale readiness, managing client communication and 2 analysts through final deliverable
- Built and developed AI-assisted practice tools including a data profiling automation, custom Excel ribbon, and LLM-integrated Power BI standards for DAX generation, reducing client data QC from 2 hours to minutes

Miebach Consulting

Senior Consultant, NA Lead for CoE of Network Design, Indianapolis, USA

January 2024 - May 2025

- Led S&OP (Scheduling) process design and OMP implementation for a large CPG manufacturer, redesigning scheduling operations for 900+ employees while coordinating cross-functional teams and external consulting partners
- Managed 5 projects for Fortune 500 clients across network design and S&OE planning, ensuring scope & timeline adherence
- Delivered engagement quality that generated 4 follow-up projects worth 1-2x original contract value across global clients
- Selected as North America Lead for Center of Excellence from 50+ consultants, designing network design training for ~100 global consultants annually

Consultant, Bengaluru, India

July 2022 - December 2023

- Managed 2 engagements end-to-end across CPG and chemical industries, avoiding up to ~\$8m major plant investments
- Led bi-weekly knowledge-sharing sessions for 50+ regional attendees on industry trends and technical methodologies
- Drove analysis workstreams across 6 optimization projects in 5 Southeast Asian countries, identifying \$1-3m in OPEX savings per project

Analyst, Indianapolis, USA

June 2021 - June 2022

- Built supply chain models across 7 fashion & retail engagements using Llamasoft's optimization suite, reducing costs 5-10%
- Conducted factory assessments with clients to validate modelling inputs and identify ~500k operational inefficiencies
- Engineered an automated SQL and Power BI workflow to interpret modeling results, saving 20+ hours per project

The Home Depot, P455 Supply Chain Consulting Practicum

Consultant, Bloomington, USA

August - December 2020

- Selected by faculty to participate in a transportation & delivery optimization project for a Fortune 500 company
- Recommended using Vendor & 3rd Party Backhauls to reduce 'empty' miles of dedicated fleets, saving \$100,000s
- Created an optimization model using Excel Solver to illustrate the Bulk Distribution Centers switch to 7-day operations instead of 5-day operations to meet increased demand & decrease ~\$500k lost sales
