PROFESSIONAL EXPERIENCE

PwC

June 2025 - Present

Senior Associate - Deal Strategy & Value Creation, New York, USA

- Uncovered risks across 3 buy-side deals (\$500M-\$1.5B revenue targets), directly leading clients to reprice or exit transactions.
- Supported 2 closed sell-side transactions through ARR and price/volume/mix analyses that withstood buyer due diligence.
- Co-led 4 portfolio company engagements, managing client communication and 1 to 2 analysts through final deliverable.
- Built and developed AI-assisted practice tools reducing client data QC from 2 hours to minutes, including a data profiling automation, custom Excel ribbon, and LLM-integrated Power BI standards for DAX generation.

Miebach Consulting

June 2021 - May 2025

Senior Consultant, NA Lead for CoE of Network Design, Indianapolis, USA

- Led S&OP process (Scheduling) design and OMP implementation for a large CPG manufacturer, coordinating across cross-functional teams and external consulting partners to own a workstream end-to-end.
- Managed 5 projects for Fortune 500 clients across network design and S&OE planning, ensuring scope & timeline adherence.
- Delivered engagement quality that generated 4 follow-up projects worth 1-2x original contract value across global clients.
- Selected as NA Lead for Center of Excellence, selected from 50+ consultants across North America, designing network design training for 50-100 global consultants annually.

Consultant, Bengaluru, India

- Drove analysis workstreams across 6 optimization projects in 5 Southeast Asian countries, identifying \$1-5M in savings per project and avoiding major plant investments.
- Managed 2 client engagements end-to-end across consumer-packaged goods, cosmetics, and chemical industries.
- Led bi-weekly knowledge-sharing sessions for 50+ regional attendees on industry trends and technical methodologies.

Analyst, Indianapolis, USA

- Built supply chain models across 7 fashion & retail engagements, reducing costs 5-10% using Llamasoft's optimization suite.
- Conducted on-site factory assessments directly with clients to validate data inputs and identify operational inefficiencies.
- Engineered an automated SQL and Power BI workflow to interpret modeling results, saving 20+ hours per strategy project - independently developed and adopted by the team.

The Home Depot, P455 Supply Chain Consulting Practicum

August - December 2020

Consultant, Bloomington, USA

- Selected by faculty to participate in a transportation & delivery optimization project for a Fortune 500 company.
- Recommended using Vendor & 3rd Party Backhauls to reduce 'empty' miles of dedicated fleets, saving \$100,000s.
- Created an Optimization Model using Excel Solver to illustrate the Bulk Distribution Centers switch to 7-day operations instead of 5-day operations to meet increased demand & decrease lost sales.
